Msgr. Thomas J. Harold, Pastor

Richard A. McMahon, Principal

June 4, 2010

Ms. Janet Romeo
Community Educator
EPILEPSY FOUNDATION
OF LONG ISLAND
506 Stewart Avenue
Garden City, N.Y. 11530

Dear Janet,

Thank you for fitting us into your busy schedule on such short notice. Your presentation during our May 5 Faculty Meeting was very well received. The feedback from faculty, staff and students regarding the Kids On The Block puppet performance was extremely positive. Everyone involved was excited to learn about seizure disorders. They expressed that they now feel more confident in recognizing both the signs and symptoms of a seizure disorder as well as how to provide care following a seizure.

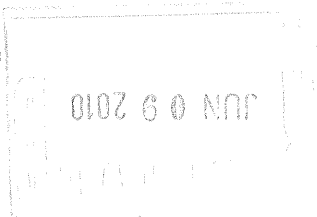

In fact, our Principal, Richard McMahon, stated that "in 37 years as an educator, rarely has he experienced a more profound and significant in-service workshop for teachers and staff on such a sensitive and important topic". Furthermore, he would recommend that all Principals avail themselves to this product.

Your work is invaluable. The comments in regard to your approachability, style of delivering information, and the quality of content were exemplary. Your dedication to the Foundation and the care with which you share knowledge are very much appreciated.

We hope to see you return to Holy Name of Mary each year. You can be sure I will be contacting you for the Kids On The Block program for the 2010/2011 school year.

Sincerely,

Linda S. Baxter, RN
School Nurse
